My hat is off to Personalized Messenger Service!

Founded in 1994, Red Letter Design Group has worked to establish a reputation of excellence in the field of graphic design and advertising. Today, we have reached that goal because we only work with THE BEST.

This includes Personalized Messenger Service in which we entrust to deliver valuable, often sensitive packages to our clients throughout South Florida; including institutions, businesses, non-profit organizations, individuals and high-profile philanthropists and celebrities. CONFIDENTIALITY is very important. This is one of many reasons we only use Personalized Messenger Service.

In the business of advertising, design and publishing everything is due yesterday. Personalized Messenger Service works on the same clock. IMMEDIATE RESPONSE. FAST. DIRECT DELIVERY.

If I ever have questions regarding the delivery of a package I call Personalized Messenger Service. I get A REAL, LIVE PERSON ON THE OTHER END OF THE PHONE who relays *when* the package was delivered and *who* signed for it.

Personalized Messenger Service is the most PROFESSIONAL courier service I have used in over 13 years of doing business. Our clients often remark how courteous the delivery person was when they arrived with our package.

Weekends, nights? "Not a problem, we'll be there." remarks Helen. Her word and her company, PERSONALIZED MESSENGER SERVICE, are as GOOD AS GOLD!

Thank you Helen and thank your reliable staff.
